- Thermogenic weight loss formula
- Antioxidant benefits of acai berry

(60 Tablets)

SUGGESTED USE

Adults take 2 - 3 tablets daily with meals.

Drink at least 8 glasses of water daily.

FREQUENTLY ASKED QUESTIONS

WHAT IS ULTIMATE THERMOFIT?

Ultimate ThermoFit is a naturally based, thermogenic weight loss formula that increases thermogenesis in the body. Thermogenesis is the process by which the body raises its temperature, or energy output. An increased energy output means the body has to raise its metabolic rate. As a result, more fat and calories are burned faster to support your higher metabolism and your lean muscle increases faster.

WHAT ARE THE BENEFITS OF ULTIMATE THERMOFIT?

Capsimax® is the active ingredient in Ultimate ThermoFit that naturally increases thermogenesis. Derived from the hot pepper plant, Capsimax not only boosts your metabolic rate and increases your energy levels but also curbs your appetite so you eat less and have fewer cravings. Ultimate ThermoFit is also fueled by acai berry, an antioxidant-rich "superfood." Studies show that a diet rich in antioxidants may slow the aging and disease process by neutralizing free radicals.

WHAT IS THE RECOMMENDED DOSAGE?

Take two to three tablets daily with meals or just before.

US LABEL
